

**Capensys Complete!** provides all the tools needed for a successful rollout of Office 2010, iManage and other legal applications.

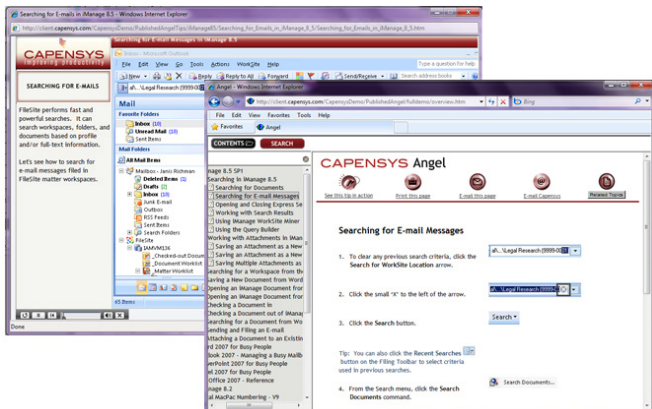

*We offer a blended learning solution, with a Goal-Based approach, to facilitate a successful and cost-effective rollout!*

**Capensys Complete! includes**

- Pathfinder Office 2010/iManage Training Planner
- Pathfinder Workspace Design Tool (for matter centric rollouts)
- A comprehensive Marketing/ Communication Plan to show the value of the new system
- Ready-made and tailorable learning profiles
- Scenario-based training curriculum and e-learning for improved application of knowledge
- Goal-based workshops to cut down on training time
- On-the-job support/coaching to meet post-rollout training needs in the workplace
- Solutions to international language considerations

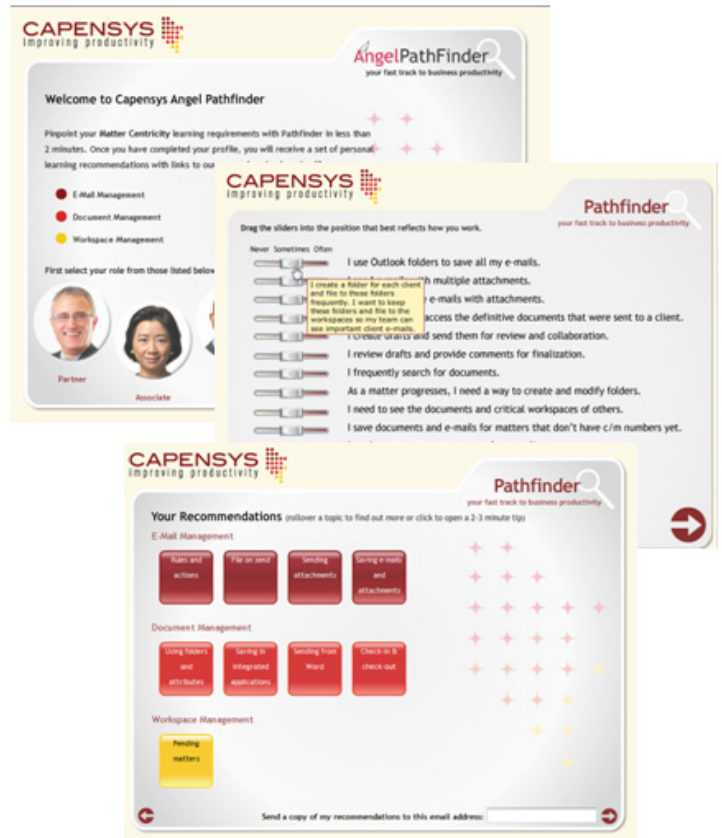

**• AngelResource Gateway and Library**

- Concise, interactive-learning and quick references which can be tailored to your Firm's configuration for Office 2007/2010, iManage, Payne, CRM4Legal, Adobe Acrobat, InterAction, MacPac, iCreate, etc.
- Acts as a mini Learning Management System for the Firm's existing or third-party training materials
- All learning is tracked and managed
- Want to create/tailor courseware? Our **Captivate Authoring Kit** allows you to develop professional looking courseware or simply customize the ones we provide

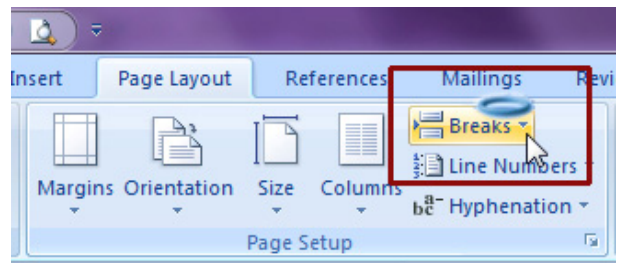

**• AngelPathfinder**

- We translate your business and user goals to tailor our generic work statements. That way, users can define their own learning paths – *a training breakthrough!*

**• AngelCoach**

- Provides context-sensitive coaching and job aids so users can continue to learn while they work

We offer all the components:

*You decide how much you want to do and leave the rest to us!*
